**Important Update on Epinephrine Injection, USP 0.15 and 0.30 mg  
Auto-injector Distributed by Impax Generics**

**Extended Expiration Dates for Distributed Lots of  
Epinephrine Injection, USP 0.15 and 0.30 mg Auto-injector**

To address the current shortages of Epinephrine Injection Auto-injector in the marketplace, Impax is coordinating with FDA to extend the expiration date of lots of its Epinephrine Injection, USP 0.15 mg and 0.30 mg auto-injector already in the marketplace. This announcement is made after a comprehensive evaluation of data to enable the extension of the expiration date on specific lots.

We believe this extension will aid in patient access during this critical back-to-school season as demand for this product increases.

The affected lots are listed in the following table along with their updated expiration dates. This information can also be found on FDA's website at <https://www.fda.gov/Drugs/DrugSafety/DrugShortages/default.htm> and on Impax Generics website at <https://epinephrineautoinject.com>.

Impax Generics understands the importance of this medication and is committed to assuring continuity of supply to help meet patient needs.

Please contact Impax Generics Customer Service for any questions you may have regarding this notification.
